Proposal Issued: 10.28.2026
Proposal Valid through: 12.27.2026

Scope of Work

A. Camera System Installation

1 16 Channel 8TB NVR
10 8MP White Light Intensifier Cameras (Color during the day and night with White Light)
1 27" Viewing Monitor
1 Full Motion Mount for Viewing Monitor
1 Wall mount Rack for Recorder
1 24 Port Gigabit Switch

Wire has been run by electricians. Change order will be warranted if Doyle has to rewire or move any wiring that is not in the correct spot. Doyle will plan to put ends on cables if they are not already on cables without extra charge.

Doyle Security will install the following devices listed above for the price listed below. All wire and wiring will be included. If any other parts or labor are added to the scope of work while the tech is onsite there will be a time and material charge added to the final price. Parts are based on manufacturer availability. Quote is good for 60 days.

Total Installed: $ 7,800.00

Investment

Proposed Solution	Install Cost	Monthly Cost
Fire Alarm Monitoring	$ 7,800.00	$ N/A
TOTAL INVESTMENT	**$** 7,800.00	**$ N/A**

"This quotation is valid for 60 days from the date of presentation or as mutually extended by both parties. Upon acceptance of this proposal, Doyle Security will send over a formal contract via DocuSign for signature."

Customer Requirements & Notes

- Customer is required to provide access to all areas affected by the scope of work.
- This proposal does not include applicable taxes, alarm fees, or permits.
- 50% Down Required to Order parts and schedule installation.
