LOCAL LAW NO. 5 of 2026

A LOCAL LAW ENACTING A TEMPORARY MORATORIUM ON BATTERY ENERGY STORAGE SYSTEM FACILITIES

Section 1. Short Title.

This local law shall be cited as Local Law No. 5 of 2026 of the Town of Mina and is entitled the "2026 Temporary Moratorium Law on Battery Energy Storage System Facilities". This local law replaces Local Law #1-2025 effective May 2, 2025, and replaces Resolution #30-25 extending the moratorium for six months until May 2, 2026.

Section 2. Legislative Findings.

WHEREAS, communities in Chautauqua County are witnessing the introduction of a previously unfamiliar form of Green-adjacent technology in the form of Battery Energy Storage Systems, or "BESS; and

WHEREAS, BESS facilities generally consist of rows of rechargeable batteries housed in self-contained, interconnected storage units. BESS facilities typically operate by drawing surplus energy from the local power grid during periods of low usage and storing it for later distribution back into the grid during peak demand; and

WHEREAS, the Town of Mina and local fire companies have raised concerns regarding BESS facilities over the presence of highly flammable substances, such as from lithium-ion batteries, and possible air and groundwater contamination; and

WHEREAS, Governor Kathy Hochul announced the creation of a state interagency working group tasked with ensuring the safety of battery energy storage systems across New York; and

WHEREAS, NYSERDA (New York State Energy Research and Development Authority) released a New York State Battery Energy Storage System Guidebook for Local Governments in February 2026; and

WHEREAS, the Mina Town Board requires additional time to review the guidebook including a model BESS law for local governments to consider; and

WHEREAS, the Mina Town Board has requested that the Findley Lake Volunteer Fire Department review the updated guidebook and report on the impact to the department of allowing BESS Facilities in the Town of Mina; and

WHEREAS, the Town Board plans to seek input from the Chautauqua County Hazmat Team as to the implications to the Town of Mina of allowing BESS Facilities; and

WHEREAS, the Town Board finds it imperative that the Town undertake a thorough examination of these systems to identify any possible threats to public health, safety and welfare as well as evaluate the potential for environmental degradation; and

WHEREAS, other potentially significant planning concerns associated with BESS Facilities such as noise generated by cooling fans may affect the quality of life of our residents; and

WHEREAS, it is essential for the Town of Mina to enact a temporary moratorium to carefully evaluate the implications of BESS Facilities and assess how they may impact the Town, its residents, and its fire prevention infrastructure; and

WHEREAS, the Town Board of the Town of Mina has determined that in accordance with Section 617.5©(30) SEQR the adoption of a moratorium on applications for building permits and/or certificates of occupancy for land development or construction of Battery Energy Storage System Facilities constitutes a Type II Action, and further that the proposed moratorium has been identified as an Action not having a significant impact on the environment and is not subject to review under SEQRA.

NOW THEREFORE BE IT RESOLVED that the Town of Mina shall implement a moratorium to allow for a comprehensive and deliberate examination of BESS facilities and the state inter-agency working group as well as NYSERDA Guidelines, with the aim of preserving the Town's ability to address the unique needs and concerns of our community in the realm of battery energy storage system regulations.
