6:30 PM Call to Order/ Pledge of Allegiance

Adoption of the Minutes & Abstract 9/15/2026

Recognition of Others/Public Attendees

Highway Superintendent Report: Pat Zink

Code Official's Report: Jerry Dzuroff

Public Attendees: Liberty Renewables at 5:30pm for information only for Board & Town's Wind Attorney. 2. Kathy Boser will represent SOEMRA on Hemlock Wind. (Group against the Wind Farm). 3. Public Hearing on Special District for EMS? If not retracted.

OLD Business: 1. Should we amend Zoning Code to prohibit Data Centers & Cryptocurrency Data Mines and make a Property Maintenance and Sanitation Law that Allegany also did that was tabled from last month meeting? 2. Review budget numbers to approve for public hearing on October 26th at 6pm? I have left a letter and break down on pay in this budget since I won't be here. 3. Any decisions on Supervisor replacement appointment?

NEW Business: 1. Need Boards approval to add to our cemetery price list under cremation remains fee that the \$700.00 fee applies to below ground and above ground burial of cremation remains? Some benches and monuments have places for cremation remains to be put in them instead underground so we need to make sure we are paid for above ground as before we only have been doing below ground cremation burials. A monument place would charge them for their part in opening and resealing them when above ground, not part of our fee. 2. Raise the labor worker pay at Highway from \$20.00 to \$22.00? This is different from the seasonal pay for plow season. Since we keep having people off for medical I think this needs addressed.
