Route of Travel Information

Requested route of travel is described below.

From (starting point): _____

To (ending point): _____

Single Use or Blanket Permit? _____

Desired Date(s) of Travel: _____

(If blanket permit, list date as one year from date of application)

Terms and Conditions of Use:

*** This Temporary Exemption Permit will be issued pursuant to Section 1660, Subdivision 11 of New York State Vehicle and Traffic Law.**

** Some roads may have unstable base material or unstable surfaces during certain times of the year. It is understood that during those times when weather conditions have made the road base and/or surface unstable, transporting overweight loads may be restricted.*

** Road base and /or surfaces may be unstable during periods of extended rain, freeze and thaw cycles, extremely hot temperatures, etc.*

** It shall be the responsibility of the transport company to contact the Highway Superintendent of the Town of Olean for permission to transport overweight loads during times when unstable road base and/or surface conditions may exist.*

** Damages to any Town road will be assessed and recovered under Section 320 of New York State Highway Law.*

** The applicant agrees in the acceptance of this permit to assume all responsibility and liability for damages to persons and/or property that may occur while transporting any material through negligence of himself, his agents or employees, or from any other cause.*

PERMIT # _____

Financial Security

To protect the financial security of the Town of Olean, each applicant shall provide financial security for each permit issued to haul overweight loads on any town road.

_____ Bond (Amount)_____

_____ Joint Bank Account (Amount)_____

_____ Certified Check (Amount)_____

Bonds

The amount of the bond will be determined by the Highway Superintendent. A reasonable estimate of repairs (if damages were to occur) will be determined prior to the issuance of a permit and the bond amount will be set according to that estimate. The existing condition of the road will be factored into each estimate.

The applicant has the option to provide a blanket bond to cover all roads used during a period of one year.

All bonds must be provided with a corporate seal of the bond underwriter and be signed by the corporate or individual authority for the bond holder.

The bond shall be for a period of one year. The bond shall be renewed annually.

The Town of Olean shall be named as the payee on all bonds.

The bonds shall be filed with the Town Clerk until they expire.

All bonds shall be verified for authenticity by the Town of Olean Insurance Agent.

All bonds must be obtained from an insurance carrier who is duly licensed to conduct business within the State of New York.

Joint Bank Accounts

The account shall be an "and" account requiring the signature of both the corporation representative and the Town Supervisor to release funds to repair any damage caused to a road by the permit holder.

The account will be opened at a bank which is the official town depository in the State of New York.

PERMIT # _____

Certified Check

A certified check, made payable to the Town of Olean in the amount that otherwise would be bonded, will be held by the Town until the expiration of the permit or if the permit is cancelled prior to the one year period. Validity of the check shall be verified by the official depository of the Town.

Release of Financial Security

Upon completion of the hauling operation the Highway Superintendent will inspect the designated routes for any damage caused by the operation.

Where damage is found to be a result of the operation, the Highway Superintendent will contact the permit holder and present an estimate of damages. Funds from the financial security will be used to repair any damage caused to the route.

If the permit holder disputes the Highway Superintendents estimate of damage, the permit holder may appeal the decision at the sole expense of the permit holder.

If the inspection reveals no damage to the route, the Highway Superintendent will authorize the release of any financial security and provide documentation of such release to the permit holder.
