4. Budget Advisor.

1. The Salt Storage project is nearly complete and should be completed by the end of the summer. You have paid some very large invoices which have reduced the General Fund – Fund Balance. These bills were paid from your undesignated fund balance and you receive the reimbursement from Cattaraugus County Water & Soil and NYS. This has greatly reduced your fund balance and will impact your revenue for interest. Make sure that the expenses paid are submitted to the Catt. Co. Water & Soil timely so you can receive your grant funds.

2. I will begin the 2027 Preliminary Budget preparations this month. During the upcoming week I will be distributing the 2027 Budget request forms to the departments and elected officials. For me to provide you with accurate budget proposals it is imperative that everyone returns their departmental forms. I will also be sending an email request to the Town Board members requesting their input on a number of items which will impact our 2027 budget. I am requesting that all responses be returned by no later than September 10th. Thirty days should provide everyone sufficient time to submit their repos.
