Public Discussion:

- Julie Hamacher asked who was on the Charter Commission. Mayor Magiera stated she appointed a committee between 9 and 15 members. She listed City residents that were members. It was noted that prior to it being placed on the election ballot, newspaper articles were published, there were posts on Facebook and a webpage was created. Mayor Magiera noted there were certain rules that needed to be followed. There was some discussion regarding some of the changes made. Mrs. Hamacher noted she was disappointed with the election voter numbers being low and that voters did not know what they were voting on. Mayor Magiera stated that the rules required the Charter Commission to complete the amended Charter within two years and present it for vote by the second General Election. Clerk Chamberlain stated there was a deadline that the entire Charter document had to be provided to the Board of Elections, but did not know the requirement for them. She thought the document would have been available at each polling place. Jodi Clark noted she feels that notices should have been sent to the residents. Mayor Magiera stated that there were not any major changes made, it mostly removed things that no longer pertained. There was some discussion regarding City employee wages. It was noted that the amended Charter was not required to be voted on by the Common Council, it was to be voted on by the residents. There was discussion regarding the Board Members being absent from regular meetings. Mrs. Hamacher noted she is not criticizing anyone, she was looking for clarification on changes to the Charter and commends everyone that worked on it for two years. It was a surprise to her that it was up for a vote.
- Jodi Clark stated she is a member of the Seneca and Salamanca Mothers Against Drug (SSMAD). She noted one of their concerns are the amount of homeless people in the City. Council Member Koch noted that she was informed there are approximately 30 homeless within the City. Ms. Clark noted SSMAD is concerned with what is going to happen to these people when there is a "Code Blue" due to cold weather. They are trying to find out what agencies handle different parts of assistance. Council Member Smith received the procedure from

the Police Department that stated they will work with Cattaraugus County Social Services to get a place for individuals when there is a "Code Blue". It was noted some have been kicked out of places and cannot return. There was some discussion regarding possible solutions. Grant Writer Brundage noted Connecting Communities in Action (CCA) holds a Homeless Council meeting in the fall through and she suggested contacting CCA for more information.

- Mrs. Hamacher asked about the marijuana businesses located in residential areas. Mayor Magiera stated that those businesses are in violation of the City Zoning laws and the Seneca Nation of Indians licensing. They have received code violation tickets to appear in City Court but they do not attend court. They cannot be arrested because it is not criminal act. It was noted there are many concerns with activity that is happening around these properties.
- There was some discussion regarding an order issued by the Seneca Nation to not allow a certain individual on SNI Territory. It was noted that the SNI has to handle the removal and the City cannot issue such orders. Ms. Clark stated agencies need to work together to help clean the City up and people can call her for help if needed.
