Project Description: _____

YOUR ACKNOWLEDGEMENTS, AGREEMENTS, AND SIGNATURE:

1. I agree to comply with all applicable laws, ordinances and regulations, including but not limited to zoning, subdivision regulations, and cleared or title restrictions.
2. I acknowledge no construction activities may be commenced prior to issuance of a valid permit by reason of applicable law. I certify that the application, plans, and supporting materials, to the best of my knowledge, are a true and complete statement/description of work proposed and that all work will be performed in accordance with the New York State Uniform Fire Prevention and Building code and the New York State Energy Code.
3. I acknowledge that prior to occupying the facilities proposed, I or my agents will obtain a certificate of occupancy or completion. I acknowledge it is I or my authorized agent's responsibility to call for all required inspections.
4. I agree to allow access to the property for inspections.
5. I acknowledge that nothing contained in this permit shall be construed to satisfy any legal obligation of the applicant to obtain any government application or permit from any entity other than the Village of Franklinville.
6. **Applicant has been made aware that NYS requires an asbestos survey prior to any work performed EXCEPT owner-occupied single-family dwellings where the owner performs the work (part 56, title 12-56.1.3a).**

ATTACHMENTS REQUIRED TO THIS APPLICATION:

1. Proof of worker's compensation & disability (not liability) insurance or proof of exemption of person(s) performing construction is required before a permit is issued (see "acceptable insurance forms").
2. If the applicant is not owner of premises, a signed agent authorization form must be included with application.
3. Brief description of project & Drawing:

4. Two (2) site plot plans showing placement of proposed construction; distances to property lines and to other structures must be indicated as well as driveway length and width.
 - a. These plans may need to be sealed and signed by a NYS licensed professional engineer or architect per the NYS Education Law. This may not apply to residential buildings of a gross floor area of fifteen (1,500) square feet or less (exterior dimensions), nor alterations to any building or structure costing twenty thousand (20,000) or less which does not involve changes affecting the structural stability and/or public safety thereof. There may be circumstances when "stamped" plans may be required regardless of size or cost.
 - b. Any changes prior to or during construction will require submittal of amended plans (review & re-approval are necessary).

Any additional description of the project:
