Todd Kolstee approved the reading of February 10, 2026 Board Minutes.

Opening Business:

We are still awaiting results from the dog kennels grant application that was recently applied for shared service with Ripley and Mina.

The weather has not allowed the Water System Upgrade to continue its work, we are hoping with warm weather in the future they will be able to start back up again.

The Town was awarded a grant to build onto our playground by the company, Kaboom. The goal is to have the kids of the community aid in designing this playground. Kaboom is aiming to have the playground begin construction June of 2026. We are hoping kids from Clymer School will volunteer with this project design to earn service credits. Soil testing was done on the area in the amount of \$300.00. There will be 2 separate meetings taking place on Wednesday, March 25. The kids will have their own meeting at Clymer Central School from 1:30-2:30. The adults will meet at the Dutch Village Restaurant from 5:30-7:00 PM. Todd Kolstee suggested to get advertisement out via social media to inform the public of these meetings. Kaboom will be sending a PDF packet for homeschool kids so that they will also have a part in the design of the playground.

Department Reports:

Reilly Enlow discussed the year end is not yet closed due to how the software operates. Reilly noted the Budget Amendment is next month.

Jeff Messenger reported the house at 7453 Wiltsie Road is in really bad shape and may need to be condemned. Jeff noted many people are inquiring about permits and he anticipates many permits being issued in the near future.

Scott Trisket requested approval of a new Chevy Silverado truck for the Town of Clymer. The purchase amount would be \$55,108.00 and with a trade in value of \$10,000.00, it will make the final total \$45,108.00. Levi Swanson made the motion to approve the purchase of the new truck. Carl Neckers seconded the motion. Melissa Murphy, AYE; Todd Kolstee, AYE. Approved.

On behalf of Wendy Trisket, Emily Gabriel reported money received; 1 Marriage License, 5 Certified Copies, 2 Zoning, 20 Dog Licenses and that a check was written for the amount of \$233.63 to the Town of Clymer.

Kevin Damcott states March 8th readings show there is 22,000 gallons of water pumping per day which indicates a leak, and they are searching to find the source. The town scrapped the old water meters and received the amount of \$3,221.40.

On-Going Issues:

Jeness Legters will be the new Little League Administrator. They are continuing to hold meetings regarding transitioning to a more structured program.

We are awaiting building permits for the Wind Energy project.
