Honoring Veterans

This year represents the 250th anniversary of the founding of the United States of America. From the Revolutionary War to the continuing efforts of the war on terror these conflicts have shaped America's identity and place on the world stage.

Like many other communities across America the Village of Sinclairville, and surrounding area, have been privileged to have many of our residents serve their country over the years from 1776 to 2026. During this time many have sacrificed much, as each generation answered the call to protect our nation and freedom. To begin with, Sinclairville's founding father served in the Revolutionary War. In the wars and conflicts to follow many fought with some making the ultimate sacrifice by being killed in action, shot down in their fighter plane, taken as Prisoners of War while others were awarded the Medal of Honor or the Purple Heart.

Ronald Reagan said, "Some people live an entire lifetime and wonder if they ever made a difference in the world. A veteran doesn't have that problem."

As the 4th of July approaches the Village of Sinclairville would like to recognize 250 years of service, courage and sacrifice of veterans from the Revolutionary War to present day. Thank you to all veterans/servicemen past & present who chose to serve our country, some making the ultimate sacrifice, defending and protecting the freedoms we enjoy today making a difference in the lives of many.

This year marks the 250th Anniversary of the signing of the Declaration of Independence.

Two Hundred and Fifty Years ago thirteen American Colonies declared their independence from Great Britain, establishing a new nation based on liberty, equality and self government.

The United States has changed a great deal over the last 250 years. One lesson of history is that every generation helps to shape what comes next.

America 250 is not just a time to look back, but also a time to think forward, and ask yourself.

"What Kind of America are we building and

how are we helping to shape the future?"
